THE Sisters of the Order of St. Dominie, well known in this and adjoining States as experienced and

announce to the citizens of Nashville and to the public in general, that they are preparing and will be ready to receive pupils at the above institution on the 1st of October. The Academy is about a mile from the city, and is situated in one of the most beautiful and heal-

thy locations in its vicinity.

The Ladies of this Institution being specially de-

voted to the education of the young of their own sex, will leave nothing undone to impart to the pupils confided to their care a thorough education, in highest sense of the word. The religion professed by the ladies of the Institution is the Catholic, and they will impart

special religious instruction to pupils professing that faith. Pupils of every religious denomination will be admitted, and no undue influence will be used to bias

the religious principles of the young ladies; nor will any of them be permitted to embrace the Catholic

faith without the verbal or written consent of parents or guardians. Uniformity and good order, however, require the attendance of all at morning and evening prayers, and at the religious exercises on Sunday.

The course of studies is divised into four depart-

ments, each department having its own distinct course of studies assigned it. The academic year will consist of two session—the

first commencing on the first Monday of September the second on the first Monday of February. The aca

demic year will close with a public distribution of pre miums and honors about the 20th of June of each

This sormous quantity this invaluable Remedal has been purchases by citizens of the United States during the short time 'that been before the public. The reason for this atraordinary success is simply in the actual truth and value of the article. No one buys the Magnetic PLANTER without becoming its friend. It performs all that is promised and carries with it its own recommendation. Truly this is a victory—peaceful and bloodless—but we believe not less glorious than the triumphs of war, with its train of carnage and desolation.

The Magnetic PLANTER is undoubtedly the Greatest St engthener and Pain Destroyer that Science has yet discovered.
